Smith!

903 Walnut St.
June 5. 1871

Dear Sir: The "one calendar month" during which notice of my election as Assistant Minister of Christ Church might be received having elapsed, but being informed of any such having been made, I hereby transmit to you my acceptance of that position. And in doing so may I ask you to inform the Vestry of the sense I feel of the honor of being thus connected with the venerable Parish they represent. In the

Communication informed me announcing my election, no mention was made of the salary to be attached to the Office, but I am willing to leave that matter with the Vestry confident that if they deem my services of value they will remunerate them as far as the resources of the parish will permit

I am Sir

Yours very truly

Thornbury Hobbs

Wm White Coleman

Sec. of the Vestry of Christ Church.
